Nouvelle histoire de la pensée économique

Alain Béraud, Gilbert Faccarello

Nouvelle histoire de la pensée économique Alain Béraud, Gilbert Faccarello

Au cours des trois dernières décennies du XX e siècle, l'histoire de la pensée économique s'est considérablement développée, en particulier en France, renouvelant profondément son objet et ses méthodes. La cohérence analytique de nombreux auteurs a ainsi été restituée, les théories ont été approfondies. Et les évolutions ou les cheminements intellectuels apparaissent à présent sous un éclairage nouveau, à la fois plus complexes et beaucoup plus passionnants qu'auparavant. Ce sont les principaux résultats de ces recherches multiformes que présente cette Nouvelle histoire de la pensée économique. Ses trois tomes réunissent un grand nombre d'études synthétiques originales, couvrant les phases les plus significatives du développement de la pensée économique depuis trois siècles - certaines d'entre elles n'ayant jamais été traitées dans les publications en langue française. Rédigés par les meilleurs spécialistes, les différents chapitres sont articulés au sein d'une stricte progression d'ensemble, qui brosse une fresque intellectuelle sans équivalent. Fruit d'un travail collectif de plusieurs années, cet ensemble constitue une référence désormais incontournable pour les chercheurs, les enseignants et les étudiants en sciences économiques.
