When **young, untouched, and comely** Eva snuck aboard the world's most prestigious space station... she thought her life would be forever changed.

Everything seemed to be going according to plan, until one day when Eva is discovered by the **handsome, mature, alpha doctor** of the space station. A man who demands the **utmost strictness** from his crew... and certainly no sympathy is spared for stow-aways!

But, he finds himself tempted by the youthful Eva -- with her **perfect body... and sassy ways!** The doctor decides to **discipline the unruly lass**, along with the help of his fellow surgeon, in exchange for giving her a free pass back to earth.

It will be Eva's **first time** ever experiencing such **wanton pleasures...** delivered by the most rugged of men, **hard and without protection!** But she should have known, being a stow-away wasn't enough to grant her access back to earth -- she needed another, more **maternal** reason -- one which the doctor was all too willing to fill her with!
