"When we go to the store, do we pick the apple that has bruises on it, or do we search around for the best apple... even if it took an extra minute or two of searching? Quality comes first, right? So why are we settling for a man who has dumped us multiple times? A man who never answers our calls and always has an excuse for it? Why are we holding onto a guy who cheated on us more than once? If our home is not good enough for a bruised apple that we buy at the store, why would we bring home a man that treats us like crap and fight to keep him there? Is our happiness not more important than a piece of fruit? Think about it."

For years, women have put up with far too much in relationships. If you're one of those people, learn how to be a BOSS in your relationships and stop being a pushover.
