Many Star Wars sites don't talk much about the inspiring themes of the movies. For example: preparation, search for identity, courage, sacrificial friendship, redemption, overcoming against the odds and many more. So this book will go into more depth about these, which will give you more insight into them and hopefully inspire you.

This guide book has been updated, after viewing the movie, so if you haven't been to see it or read the Force Awakens novel, and you want everything to be a surprise then this book is not for you. So there are SPOILERS. References will be made to different scenes in order to provide in-depth character analysis. Also the new Star Wars universe will be fully described, in order to give detailed background to the film. However, no plot summary will be given.

If you bought my Pre-Movie Guide to the Force Awakens, then please be aware that I have used some of the material in this previous book in this Post-Movie Guide. However, everything is fully updated and there is a lot of extra material. The Pre-Guide reached the number 1 paid bestseller spot in its category in November 2015.

This book is deliberately concise so that you get the essentials rapidly but with in-depth discussion as well.

D.R.Burns is also the author of TOMORROWLAND MOVIE: THE UNAUTHORISED GUIDE BOOK to the World, Characters and Themes for Dreamers through which you will be able to relive the Tomorrowland movie excitement and also learn the keys to realising your own dreams.
