This book, "Fervent Torment," is the 4th book in "The Katie Holmes Series." It can only be described as sensation overload, for little Katie. For a naïve 18 year old, James exposes her to a range of sensations that most women will never experience in their life time.

Katie has totally surrendered her will and sexual education to James, although she's aware that by using her safe word, she can stop at any time. This book will take her to the end of day one, of her education and sexual experience. He uses a whole range of sex toys on her, from nipple lassoes, remote controlled vibrating eggs, anal beads and a butt plug.

All oral, sexual and foreplay applications portrayed in my books are actual methods that work. I'm aware of the fact that a lot of women wouldn't have heard of some of the erogenous spots mentioned. Or for that matter used the methods of stimulation outlined. However, as I have stated they are real and can lead to some fantastic orgasms. That part is up to you and your partner or you alone I'm afraid, but if I've brought it to your attention I've done a good thing. Enjoy! No one will judge.

Thank you for reading my work. This is the 4th book in this series and for your convenience; I have listed below the links to the other titles. I have noticed that Amazon is not consistent in their application of the 18 + Adult content and some titles can't be found easily. However, a visit to my website will solve this. You will find a link to my website at the end of this book.

All my titles touch on BDSM, domination, submission and the alpha male. The two series that I'm writing at present go into this lifestyle a little further than my short stories. In today's society of relaxed sexual

boundaries a lot of women secretly crave the fantasy of submission. For most it's an escape from reality and the everyday pressures of life. I know that a lot of very successful women use the lifestyle, as escapism from their high-powered jobs. It allows them to surrender all decision making to another, even if only for a short spell, maybe just on weekends away from their workplace.

Readers who follow the authors listed below would be interested in my style of writing. All my books are very descriptive and detailed. The words paint as real a picture of the erotic action, as any author you may have read in the past.
