"Brand is the new power and class system. Instead of living as effective, authentic, God-branded people—believers are bleeding from the pace. Minding the Gap is about saying enough and living a strategic, directed, edited life.

It's about taking the time to answer, Who am I? Where am I going? How am I going to get there? It's a fresh, provocative look at what it means to be abandoned to God and discovering his vision and purposes for our lives. The Creel Model equips readers to find and press on to finish all God has planned for and through us.
