**Student Companion to Accompany Biochemistry, 5th Edition** Richard I. Gumport, Frank H. Deis, Nancy Counts Gerber, li Roger E. Koeppe

The Student Companion is designed to guide students through the challenging material needed to master the study of biochemistry. The idea is simple: by systematically dividing the daunting task of learning a large quantity of information into more manageable tasks, the Companion lets you study material in sensible increments and helps you retain what you have read. The basic steps outlined for learning and reviewing every chapter help you set your ' j^-, objectives, prepare for exams, and establish study habits that ^will serve you in future courses. For every chapter in Biochemistry 5e, the Student Companion provides a corresponding chapter that consists of: / -¢ An Introduction, which puts the material in the context of what you have already learned, emphasizes key ideas, and offers a quick, accessible summary-¢ Learning Objectives correlated to the text sections, setting small goals for you to reach and highlighting key terms and important definitions A Self-Test keyed to corresponding sections in the text to help you check your information recall A Problems section, which supplements problems in the text, providing practice in applying concepts and reinforcement of what you have learned Answers to both the Self-Test and the Problems to check your work Expanded Solutions to Text Problems, which explain in greater ^ detail the short answers in the text.
