Ken Follett and John Lee, the author and narrator of *Pillars of the Earth* and *World Without End*, are back together again for *Fall of Giants*, the first in The Century Trilogy. They recently chatted with Audible editor Diana Dapito about the new epic book, and what it was like to write and record it.

*Fall of Giants* is Ken Follett's magnificent new historical epic. The first novel in The Century Trilogy, it follows the fates of five interrelated families-American, German, Russian, English, and Welsh-as they move through the world-shaking dramas of the First World War, the Russian Revolution, and the struggle for women's suffrage.

Thirteen-year-old Billy Williams enters a man's world in the Welsh mining pits.... Gus Dewar, an American law student rejected in love, finds a surprising new career in Woodrow Wilson's White House.... Two orphaned Russian brothers, Grigori and Lev Peshkov, embark on radically different paths half a world apart when their plan to emigrate to America falls afoul of war, conscription, and revolution.... Billy's sister, Ethel, a housekeeper for the aristocratic Fitzherberts, takes a fateful step above her station, while Lady Maud Fitzherbert herself crosses deep into forbidden territory when she falls in love with Walter von Ulrich, a spy at the German embassy in London....

These characters and many others find their lives inextricably entangled as, in a saga of unfolding drama and intriguing complexity, *Fall of Giants* moves seamlessly from Washington to St. Petersburg, from the dirt and danger of a coal mine to the glittering chandeliers of a palace, from the corridors of power to the bedrooms of the mighty. As always with Ken Follett, the historical background is brilliantly researched and rendered, the action fast-moving, the characters rich in nuance and emotion. It is destined to be a new classic.
