Bucket List: Avengers!: A Functional Neurologist's Extra Experience In The #3 Movie Of All-Time!

Dr. Russ Schroder

From the cover "In a time, in a place, where legends are made, long after dinosaurs ruled the earth, but before robots take over the planet, sometime in the near past, after the turn of the century, but before the time that you finish reading this sentence, a movie was made. It was a famous movie that shattered box-office records of old. It went on to become the 3rd largest movie in recorded history. The name of the movie will remain a closely guarded secret (in this paragraph) ... but is included inside the book and even on the cover. In that movie was a man. Not a tall man. But not a short man either. His name was MX112. Well, actually it was Russ. The number was given to him by the team of individuals who casted the extras for this epic tale. This is his story." Dr. Russ Schroder completed a series of "Bucket List" items in this true story about a brief year of his life. He reveals the costumed and real-life heroes he meets and how it affects the people he knows and the patients he sees every day in his practice. 2 Special Guest Chapters by Nik Kaldobsky
