## Global Conflict Resolution Through Positioning Analysis (Peace Psychology Book Series)

Readers find here a volume that applies positioning theory in order to achieve a fuller and more in-depth understanding of conflict and its psychological resolution. Positioning theory is the study of the nature, formation, influence and ways of change of local systems of rights and duties as shared assumptions about them influence small scale interactions. This book will thus be of interest to social psychologists and anyone interested in the development and applications of positioning theory.
