Confronting Chordoma Cancer: An Uncommon Journey Susan L. Garbett

When you hear "very rare cancer..." And you find yourself in a place you never dreamed you would be, when the fear sets in, when unwelcomed challenges are directly in your path, when obstacles and burdens become harsh; we still have the ability to regain control and fight to help ourselves through all that lies ahead, by focusing on the power of the human spirit and hope. "Being diagnosed with chordoma inevitably launches patients and their families into a series of life-changing experiences that few among the uninitiated can imagine. Confronting Chordoma Cancer: An Uncommon Journey provides one patient's vivid, firsthand account of navigating the unfamiliar territory of this new diagnosis; a story to which many fellow survivors will relate, and which provides a rare window into the types of challenges, questions, disappointments and victories that may be ahead for those who are just embarking on their own journey with chordoma." - Chordoma Foundation
