## **In the Eagle's Shadow: The United States and Latin America** Kyle Longley

All too often undergraduate readers can find themselves overwhelmed by foreign relations textbooks, the onslaught of names, events, and resultant policies and counterpolicies leaving them unable to form an appreciation, much less a working knowledge of, international relations. Worse yet, loose references to prominent scholars can leave them scratching their heads.

It is with the student in mind that we are proud to present the second edition of our popular text, a concise narrative history that in straightforward language relates the long and complex history of the relationships between the United States and the nations of Latin America.

Like its predecessor, this new edition of *In the Eagle's Shadow* is ideal for use as a core text for courses in U.S.-Latin American relations, as well as engaging supplementary reading for the U.S. or Latin American history surveys.
