With Jensine presumed dead and her relationship with Roman over, Atlanta devotes her time to finding Jensine's killer while attempting to put her own life back together. Mostly this includes taking her time to get to know Sean, herself, and The Great Order. Yet everything she learns about the Order leads to more questions. Most important of which is, did they have Jensine killed, and if not, who did? Meanwhile, Valencia takes on new recruits and begins putting her plans into motion to infiltrate her enemy and tear them apart from within. Going behind Jonathan's back, she kidnaps a member of The Great Order, causing both Atlanta and Jonathan to finally make a decision and pick a side. Will he choose Valencia or go back to his brother? Will Atlanta side with Roman or will she let the possible death of her oldest friend stand in the way? Valencia is ready to start the war. The question is, who will be the first to fall?
