Intelligent Financial Portfolio Composition based on Evolutionary Computation Strategies

(SpringerBriefs in Applied Sciences and Technology) Antonio Gorgulho, Rui F.M.F. Neves, Nuno Horta

The management of financial portfolios or funds constitutes a widely known problematic in financial markets which normally requires a rigorous analysis in order to select the most profitable assets. This subject is becoming popular among computer scientists which try to adapt known Intelligent Computation techniques to the market's domain. This book proposes a potential system based on Genetic Algorithms, which aims to manage a financial portfolio by using technical analysis indicators. The results are promising since the approach clearly outperforms the remaining approaches during the recent market crash.

From reader reviews:

Nancy Rush:

As people who live in typically the modest era should be update about what going on or facts even knowledge to make these individuals keep up with the era which can be always change and progress. Some of you maybe will certainly update themselves by reading books. It is a good choice in your case but the problems coming to anyone is you don't know what kind you should start with. This Intelligent Financial Portfolio Composition based on Evolutionary Computation Strategies (SpringerBriefs in Applied Sciences and Technology) is our recommendation to cause you to keep up with the world. Why, as this book serves what you want and need in this era.

Jane Rich:

Spent a free the perfect time to be fun activity to complete! A lot of people spent their down time with their family, or their particular friends. Usually they carrying out activity like watching television, about to beach, or picnic from the park. They actually doing ditto every week. Do you feel it? Do you need to something different to fill your personal free time/ holiday? Could possibly be reading a book may be option to fill your totally free time/ holiday. The first thing that you'll ask may be what kinds of guide that you should read. If you want to try look for book, may be the e-book untitled Intelligent Financial Portfolio Composition based on Evolutionary Computation Strategies (SpringerBriefs in Applied Sciences and Technology) can be great book to read. May be it can be best activity to you.

William McDowell:

Typically the book Intelligent Financial Portfolio Composition based on Evolutionary Computation Strategies (SpringerBriefs in Applied Sciences and Technology) has a lot associated with on it. So when you read this book you can get a lot of gain. The book was written by the very famous author. Tom makes some research prior to write this book. This kind of book very easy to read you will get the point easily after reading this article book.

Susan Gaier:

Don't be worry when you are afraid that this book may filled the space in your house, you will get it in e-book method, more simple and reachable. This Intelligent Financial Portfolio Composition based on Evolutionary Computation Strategies (SpringerBriefs in Applied Sciences and Technology) can give you a lot of close friends because by you investigating this one book you have point that they don't and make you more like an interesting person. This specific book can be one of a step for you to get success. This publication offer you information that probably your friend doesn't recognize, by knowing more than different make you to be great people. So , why hesitate? We should have Intelligent Financial Portfolio Composition based on Evolutionary Computation Strategies (SpringerBriefs in Applied Sciences and

Technology).
