## **Small Talk And Beyond: How To Start And Keep Up A Conversation With Anyone** Victor L. Fox **You Won't Believe How Easy It Is To Start A Conversation With A Total Stranger!**

Can you recall a time when you had to use a lever to move something really heavy? Well, that's exactly what small talk is.

Normally, starting a meaningful conversation with someone you don't know can feel more challenging than moving a huge boulder with your bare hands. Small talk makes the whole process super easy, and it helps you build rapport at the same time!

There is a lot of advice out there on how to make small talk, but don't be fooled because there are two ways to do it... The right way, and the wrong way.

Do it right, and people will not only love speaking with you, but they will also beg you to exchange contact information with them.

Do it wrong, and you are bound to walk away with a red face after an awkwardly long moment of silence.

If you think that having a bunch of premeditated material is a good way to strike up a conversation with someone you want to meet, then think again because it's a BIG no-no. Using preplanned material like world events and the weather is usually just as bad as using corny pickup lines with women. It almost never works, and you shouldn't do it.

The trick to engaging someone in a conversation is to use a great opener. A great opener will always create the perfect harmony between two people and make the rest of the conversation flow smoothly, naturally, and effortlessly.

Developing the ability to know exactly what to say at any moment and any time is actually much faster and easier than you think. In fact, you can do it in as little as 21 days by using the techniques inside this book. Actually, you can start implementing most of these techniques immediately.

### **If I Could Do It, You Can Do It!**

I used to dread socializing with people. Especially those I didn't know. I had severe social anxiety and it felt like a pair of handcuffs restraining me from having any social life. I found social situations very uncomfortable and did everything possible to avoid them. Aside from feeling anxious, I was always worried about:

- Being judged
- Getting rejected
- Not knowing what to say
- Feeling awkward

Growing up, I realized that there is a direct link between success, happiness, and people skills. I knew that I wouldn't have any of those things if I didn't find a way to overcome social anxiety and develop strong communication skills.

It took many years of research, practice, pain, and embarrassment, but it was worth it because now I can enter any social environment with ease and confidence.

This book only contains the most important and effective techniques and strategies that I have learned and still use to this day. I wanted to give you a book without the useless filler.

Inside "Small Talk And Beyond: How To Start And Keep Up A Conversation With Anyone" You will learn:

- How to easily walk up to people and start conversations without using fruitless conversation starters
- How to know exactly what to say to anyone, anywhere, and any time
- How to effortlessly keep up a conversation
- How to approach and contribute to a group conversation
- How to attract people like a magnet and make them approach you
- How to completely eliminate approach anxiety
- How to feel comfortable speaking to people of the opposite sex
- How to drastically improve your conversation skills in as little as 21 days

Imagine being able to confidently approach any person you want and strike up a conversation with him or her while totally enjoying the process. You would only need a few seconds to determine the perfect thing to say in order to get the conversation going.

Imagine never having to experience that awkward silence again. After applying the methods in this book, you will be amazed with how easy it is to have an interesting conversation with anyone.

So take action. Get your copy now and start transforming your social life today.
