## **As It Is Written: The Genesis Account Literal or Literary?** Kenneth Gentry Jr

The framework hypothesis or literary framework view has grown in acceptance as more readers of Scripture place “science” as the authority over the interpretation of God’s Word. By re-interpreting Genesis, they regard the timeline of creation as merely figurative or poetic rather than historical and accurate. Kenneth Gentry carefully defines the framework hypothesis, while tracing its historical origins and purpose. This important study:

- Presents strong exegetical arguments for the six-day creation approach to Genesis
- Illustrates the traditional interpretation of Genesis, a survey of exegetical arguments, and responses to alleged problems
- Demonstrates the flaws in the framework argument.

This book presents in a simple but clear presentation the basic argument for a six-day literal interpretation of Genesis 1. It also explains and rebuts the framework hypothesis, which is a leading view in evangelical academic circles. This book is aimed at intelligent laymen, though with the academic reader in mind, with definitions of technical terms where they are necessary and Greek and Hebrew words transliterated.
