**Football and Accelerated Culture: This Modern Sporting Life (Routledge Research in Sport, Culture and Society)** Steve Redhead

In *Football and Accelerated Culture*, Steve Redhead offers a new and challenging theorisation of global football culture, exploring the relationship between sport and culture in a rapidly shifting world. Incorporating cutting-edge concepts, from accelerated culture and claustropolitanism to non-postmodernity, he reflects on the demise of working class football cultures and the rapid media globalisation of 'the people's game'.

Drawing on international empirical research and a unique and ground-breaking study of football hooligan memoirs, the book delves into a wide array of disciplines, examining fascinating topics such as the relationship between music and football; hooligans and ultras; the rise of social media and anti-modern football movements; and ultra-realist criminology.

Football and Accelerated Culture offers a new way of thinking about sporting cultures that expands the boundaries of physical cultural studies. As such, it is important reading for anybody with an interest in the culture of sport and leisure, social theory, communication studies, criminology or socio-legal studies.
