Gods Messages From the Soul: I am not who you think I am. And you are much more than you think you are. Dan Keating

Messages from God are a collection of answers I received from Her to the questions I asked about who and what I really am. These answers have directly helped me in my every day life. I do not receive God's messages in a burst of light or from a cave wall vision. I communicate with the God within in a meditative state I call power meditation. I talk to God like any of us talk to a friend and He answers me. Every human was created by God from God to be God in perfect human form. The messages I received are for everyone. Each and every soul is a part of God like our human cells are a part of our bodies. The world around us is a natural environment that is in perfect balance and needs no human help to operate in this perfect manner. We too are a part of this environment and are perfect and ageless, we just do not believe it. We are not who we think we are. We are powerful, loving, magnificent creatures with unlimited potential and limitless possibilities. We believe we are very limited beings and these false beliefs are what shape our lives. In God's messages from the soul, God tells us just how unlimited we are. You may think it presumptuous of me but these messages were delivered to me to help me and at the same time it was suggested that I pass them on to others. The choice to share them was entirely my responsibility. The choice to read them is entirely up to you. As the messages say, it's your life to live, any way you choose and God will love us unconditionally and completely no matter what we choose.
