Planning Using Primavera SureTrak Project Manager Version 3.0 Revised 2006 Paul E. Harris

This book is a complete rewrite of the 2004 book and not just an update. It includes more student workshops, many new pages of text and covers more software functions. It is designed to teach planners and schedulers how setup and use the software in a project environment and this version explains in more detail about how to plan and control projects with the software. It is aimed at any industry such as building, construction, oil & gas, software development, government and defence.
