## **Walt Disney** Neal Gabler

The definitive portrait of one of the most important cultural figures in American history.

Walt Disney was a true visionary whose desire for escape, iron determination and obsessive perfectionism transformed animation from a novelty to an art form, first with Mickey Mouse and then with his feature films—most notably *Snow White*, *Fantasia*, and *Bambi*. In his superb biography, Neal Gabler shows us how, over the course of two decades, Disney revolutionized the entertainment industry. In a way that was unprecedented and later widely imitated, he built a synergistic empire that combined film, television, theme parks, music, book publishing, and merchandise. Walt Disney is a revelation of both the work and the man—of both the remarkable accomplishment and the hidden life.
