## Faces of Power: Constancy and Change in United States Foreign Policy from Truman to Obama

Seyom Brown

Seyom Brown's authoritative account of U.S. foreign policy from the end of the Second World War to the present challenges common assumptions about American presidents and their struggle with power and purpose. Brown shows Truman to be more anguished than he publicly revealed about the use of the atomic bomb; Eisenhower and George W. Bush to be more immersed in the details of policy formulation and implementation than generally believed; Reagan to be more invested in changing his worldview while in office than any previous president; and Obama to have modeled his military exit from Iraq and Afghanistan more closely to Nixon and Kissinger's exit strategy from Vietnam than he would like to admit. Brown's analyses of Obama's policies for countering terrorist threats at home and abroad, dealing with unprecedented upheavals in the Middle East, preventing the proliferation of nuclear weapons, and containing new territorial expansion by China and Russia reinforce the book's "constancy and change" theme, which shows that serving the interests of the most powerful country in the world transforms the Oval Office's occupant more than its occupant can transform the world.

### Praise for previous editions:

"Comprehensive and clear... thorough without ever becoming dull, providing detailed analysis of decisions while never neglecting the environment within which they are made." *International Affairs*

"An excellent reference for those interested in United States foreign policy.... Well-written and well-researched, it is appropriate for use in both undergraduate and graduate courses." *International Journal*

"An analysis with difference?an important difference. Seyom Brown discusses United States policy from the perspective of how decision makers in the United States viewed their adversaries and the alternatives as those decision makers saw them.... Well worth the effort of a careful reading." *American Political Science Review*
