## MAXIMUM RETENTION--MINIMAL TIME

*"I wish I had a copy of this book during my microbiology course ... excellent for classroom studies during the first two years of medical school." -- Judy Vu, Third Year Medical Student, University of Utah School of Medicine*

*"I really enjoyed 'pimping' friends with questions from this book as a review for Step 1." -- Pete Pelletier, Third Year Medical Student, University of Utah School of Medicine*

*"This excellent book covers the material second year medical students need to study for exams. It could easily be used in a small group to review. 3 Stars."--Doody's Review Service*

*Deja Review: Microbiology and Immunology* boils down your coursework to just the critical concepts you need to know for exam success. This unbeatable guide features a quick-read, two-column "flashcard" Q&A format--specifically designed to help you remember a large amount of pertinent information in the least amount of time possible. The format allows you to zero-in on only the correct answers to promote memory retention and get the most out of your study time. Great for last minute review of high-yield facts, *Deja Review* provides a straightforward way for you to assess your strengths and weaknesses so you can excel on your course exams and the USMLE Step 1.

- Active recall questions allow you to *understand*, not just memorize, the content
- Clinical vignettes at the end of chapters prepare you for board-style questions
- Portable size for study on the go--fits in your white coat pocket
- Bookmark included to guide you through easy-to-use flashcard presentation
