The Sociology and Politics of Health: A Reader

The Sociology and Politics of Health: A Reader

Health care systems, the role of health professionals and the experience of health and illness are all undergoing change and development as we enter the twenty-first century. *The Sociology and Politics of Health* is a collection of key readings through which to explore the sociological and political dimensions of health, illness and health care. Combining classic pieces with more up-to-date contributions, it includes examples taken from current domestic and international initiatives and draws on humanist, materialist, feminist and constructionalist perspectives. *The Sociology and Politics of Health* covers:

- * ideology and policy
- * social stratification
- * professionalisation
- * the experience of health and illness.
- * This reader offers health studies students, nurses and other health professionals an invaluable introduction to an increasingly important field of social inquiry.
