## **Holy Poison: Consequences (Volume 6)** Margaret Brazear

1558 - Bloody Mary is finally dead and Lord Richard Summerville is pardoned by Queen Elizabeth for high treason. He is home with the wife who betrayed him, the woman he risked his life to protect, the woman he still loves. They have both committed sins against each other, but will their love be strong enough to bury the resentment they both still feel? Will they be able to put the past behind them and forgive each other, build a life together? Or will the consequences of those sins follow them into the future? This is the sixth and final book in the Holy Poison series, which has followed the lives of ordinary people who lived through the religious persecution of Queen Mary I and her brutal campaign to restore England to the Church of Rome. This is the story of how those people survived into the more stable reign of her Protestant sister, Elizabeth, and the effect their actions will have on their children. This book takes us from Lord Summerville's narrow escape from death by the executioner's axe, to his feud with his once loved cousin, Anthony, and that cousin's plot to destroy Richard's marriage and claim Summerville for himself. The consequences of all their actions will reach out to haunt them for years to come.
