Incident Response & Computer Forensics, Third Edition Jason Luttgens, Matthew Pepe, Kevin Mandia

The definitive guide to incident response--updated for the first time in a decade!

Thoroughly revised to cover the latest and most effective tools and techniques, *Incident Response & Computer Forensics*, Third Edition arms you with the information you need to get your organization out of trouble when data breaches occur. This practical resource covers the entire lifecycle of incident response, including preparation, data collection, data analysis, and remediation. Real-world case studies reveal the methods behind--and remediation strategies for--today's most insidious attacks.

- Architect an infrastructure that allows for methodical investigation and remediation
- Develop leads, identify indicators of compromise, and determine incident scope
- Collect and preserve live data
- Perform forensic duplication
- Analyze data from networks, enterprise services, and applications
- Investigate Windows and Mac OS X systems
- Perform malware triage
- Write detailed incident response reports
- Create and implement comprehensive remediation plans

From reader reviews:

Nathanael Ma:

The book Incident Response & Computer Forensics, Third Edition can give more knowledge and information about everything you want. Why then must we leave a very important thing like a book Incident Response & Computer Forensics, Third Edition? A number of you have a different opinion about reserve. But one aim in which book can give many information for us. It is absolutely right. Right now, try to closer with your book. Knowledge or info that you take for that, you may give for each other; you are able to share all of these. Book Incident Response & Computer Forensics, Third Edition has simple shape but the truth is know: it has great and massive function for you. You can appear the enormous world by open and read a guide. So it is very wonderful.

James Pierce:

People live in this new time of lifestyle always attempt to and must have the extra time or they will get great deal of stress from both lifestyle and work. So , once we ask do people have spare time, we will say absolutely without a doubt. People is human not a robot. Then we request again, what kind of activity are there when the spare time coming to an individual of course your answer will probably unlimited right. Then ever try this one, reading guides. It can be your alternative throughout spending your spare time, the actual book you have read is Incident Response & Computer Forensics, Third Edition.

Theodore Pritchard:

You could spend your free time to see this book this guide. This Incident Response & Computer Forensics, Third Edition is simple to create you can read it in the playground, in the beach, train and soon. If you did not include much space to bring the particular printed book, you can buy the actual e-book. It is make you easier to read it. You can save the particular book in your smart phone. Consequently there are a lot of benefits that you will get when one buys this book.

George Rodriguez:

As a university student exactly feel bored to be able to reading. If their teacher questioned them to go to the library or to make summary for some reserve, they are complained. Just tiny students that has reading's heart or real their leisure activity. They just do what the trainer want, like asked to go to the library. They go to there but nothing reading critically. Any students feel that examining is not important, boring in addition to can't see colorful pictures on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this Incident Response & Computer Forensics, Third Edition can make you experience more interested to read.
