This book is the result of 52+ years of study in Metaphysics and Quantum Physics. If you have ever read the late Dr. Ernest Holmes' Science of Mind Handbook, or Dr. Maxwell Maltz' Psycho-Cybernetics, or Normal Vincent Peale's Power of Positive Thinking, or Mind Dynamics, or Silva Mind Control and wondered Are they true?, and if so, How do they work?, this book has the answers. With text & pictures at the layman level. Metaphysics is just the larger Laws of Life – such as the Golden Rule, and the Law of Attraction. It has always had a view of the world and humans from the 40,000' level and explained how/why Life works based on its principles – discovered by Drs. Holmes, Maltz, Myss, Penrose, Hameroff, Leaf and many others. Today's Science, and in particular, Quantum Mechanics, has caught up with the metaphysics teachers and now explains the deeper workings of Life scientifically with evidence that the metaphysicians were right all along – although Science did not set out to do that. Scientists backed into the proof for metaphysical principles just by digging deeper into what Life is – and as a result we now have a new field in Science, called Quantum Biology (Chapter 8). Some interesting revelations in the book: Vision is holographic and is assembled by the Mind. All Souls come to Earth School with a Sacred Contract (Ch. 4) Words DO have power to curse or cure. Thoughts are torsion waves and DO go somewhere... they affect Reality Fields. Positive thinking does support the body; negative thinking releases chemicals that harm the brain. Violent video games CAN negatively affect mental health. Visualization CAN heal the body and improve a golf game. Consciousness is of the Soul which is eternal. Alzheimer's and dementia CAN be stalled and even improved. Men's and Women's brains ARE 'wired' differently... children's toy choices are determined in the genes. Not forgiving someone CAN ruin your health. We are ALL connected at the Soul-level and Entanglement is real. Souls in the Earth School have Scripts that orchestrate experiences and opportunities to grow and overcome... and more! Want some healthy brain candy? This is it.
